EDUCATION

FAST NUCES (Bachelors in Computer Science) 2022 – 2026

KIPS College, Faisalabad (Comp, Math, Phy) 2020 – 2022

ASF Public School, Islamabad (comp, math, phy, chem) 2019 – 2020

TECHNICAL SKILLS

Programming Languages: C++, Python, SQL (MySQL/PostgreSQL), JavaScript (ES6+), NoSQL (MongoDB)

Frameworks & Libraries: React & React Native, Next.js, Express.js, Node.js, FastAPI, Tailwind CSS **AI**

/ ML: OpenAI API, RAG Pipelines, BERT/GPT, YOLOv8, ResNet50, TensorFlow, PyTorch, Mediapipe

PROJECTS

GlowSense AI - Beauty Tech Platform

- Built using AI/ML models, AR technology, and a scalable web-based architecture to enable intelligent analysis and real-time virtual try-on features.
- Developed features including AI-based skin & hair analysis, AR makeup preview, smart chatbot recommendations, secure booking system, and verified service provider platform. *AI-Problem Solving Suite*
- Built using Python, A* Search Algorithm, Constraint Satisfaction Problems (CSP), and Propositional & First-Order Logic to model intelligent decision-making and optimization scenarios.
- Developed three modules: maze pathfinding with dynamic replanning, smart traffic signal optimization under constraints, and Sudoku solving using logical inference, including performance evaluation and adaptive behavior.

Masked Autoencoder - MAE

- Built using PyTorch, Vision Transformers (ViT), and self-supervised learning to develop a Masked Autoencoder for image representation learning and reconstruction.
- Implemented features including patch masking, encoder-decoder architecture, masked MSE loss optimization, mixed precision training, performance evaluation (PSNR, SSIM), and an interactive Gradio-based image reconstruction interface.

VOLUNTEER EXPERIENCE

- Management Head (FAST Amnesty Society)
- Usher, FAST Job Fair 2025 - event coordination, provided guidance to attendees, and supported the organisational staff to ensure seamless operations throughout the career fair.
- Actively participated in the Photography Society, contributing to event coverage, creative projects, and visual storytelling initiatives.

AWARDS AND HONORS

FAST NUCES Dean List

Spring 2023

Referred by

Dr Misbah hayat bhatti - Assistant professor at Fast NUCES chiniot Faisalabad
